

# BRANHAM CORPORATION

Serving  
the Needs  
of Industry.

## Fire Hose Products

***Branham Corporation is pleased to offer its customers the following Fire Hose Products***

Our tough Single and Double Jacket fire hoses are constructed of 100% high tensile strength polyester yarns, both the wrap and the filler, and are lined with high tech EPDM tubes. These products are manufactured in conformance with NFPA Standard 1961.

***Our hose products are 100% mildew and rot proof!***

Our standard hose color is white, and we offer an innovative Wisentec abrasion coating on our hose. This improves the abrasion resistance of the hose by a minimum of 30% while providing color to the fire hose.

***We offer Red, Yellow, Blue, Green, Orange, Purple, and Black hoses!***

Our standard hoses have inside diameters of 1-1/2", 1-3/4", 2-1/2", and 3". All hoses are rated 400 psi service test / 800 psi proof test / 1200 psi burst.

***Standard stocked lengths are 50' and 100', coupled and uncoupled. Other lengths available by special order.***

We stock fire hose with Aluminum Couplings using the NST thread, and offer NPSH and special threads on request. Brass couplings are also available. Aluminum and Brass couplings are sold on integral assemblies or separately.

***We offer hoses that are UL, FM, or MSHA approved!***

***Branham Corporation is pleased to offer its customers the following Supply Lines***

We offer 5" ID supply lines coupled with the Storz coupling in two different manufacturing styles:

- Red 5" ID 100% polyester Double Jacket hose with a rating of 300 psi service test / 600 psi proof test / 900 psi burst. This hose is available in 50' and 100' lengths.
- Yellow 5" ID Nitrile Rubber hose that uses a 100% polyester reinforcement with a rating of 200 psi service test / 400 psi proof test / 600 psi burst. This hose is available in 50' and 100' standard lengths, and in lengths up to 200' on special order.

BOTH of these hoses are available in other IDs on special order.

The Storz couplings are available for sale separately.

***Branham Corporation is pleased to offer its customers MSHA-Approved Hose for Underground Mining***

We offer a 1-1/2" ID MSHA-Approved hose for underground mining. This hose is stocked with 1-1/2" aluminum NPSH fittings for immediate delivery. The 100% polyester hose has a special flame resistant tube that has been approved by MSHA for use underground. The standard stocked lengths are 50' and 100'.

ALL of our MSHA-Approved hose meets the NFPA 1961 Standard.

We stock 2 pressure ratings of this hose:

- 300 psi service test / 600 psi proof test / 900 psi burst
- 400 psi service test / 800 psi proof test / 1200 psi burst.

***Branham Corporation is pleased to offer its customers these other fine products***

- 1" ID Forestry hoses
- Special Suction and Discharge hoses for field water supply
- Wide variety of other hose & fitting products for all of your hose requirements
